### IMPORTANT NOTES AND CONSIDERATIONS

\*\* Capacity and Bar spacing should be deemed as approximations. Variables such as bar profile and fitment style may effect bar spacing measurements.

⊗ Alternate T-Bolt fit kit required, at additional cost, to fit thes Pods to Whispbar (ProRack), Thule Slide Bar and Thule Professional Bar fitments.

Vehicle Luggage Box compatability is govened by factors such as Vehicle Load Rating, Roof Rack fitment position and spacing, Shark Fin or Solid Aerial, Rear Hatch clearance, etc.

This means that some vehicles will have very limited luggage box compatability.

Pricing and Range is correct at the time of printing but may change without notice. A freight charge of \$25.00 will apply to special orders.
